

KisCutter™ Sod Cutter

Cutting sod has never been faster (or easier). The KisCutter™ is the most maneuverable, easy-to-use sod cutter available. With its revolutionary lightweight design (only 140 lbs), it cuts up to 9,000 square feet per hour, making it as productive as heavier 300-pound unit.

The Turfco KisCutter™ is lightweight and easy to haul, making it ideal for a variety of sod cutting jobs from sculpting large areas to making beautiful landscapes and gardens. The innovative four-wheel design with pneumatic tires and variable speed rear-wheel friction drive provide excellent maneuverability on virtually any terrain, along with the ability to cut up to 9,000 square feet per hour. Simplified controls are easy to understand and use – just set your depth and go

- Four-wheel design, pneumatic tires and rear-wheel drive make this the most maneuverable, easy-to-use sod cutter on the market.
- Lower vibration reduces operator fatigue.
- Simple, easy-to-use depth adjustment.
- Optional 9-inch blade available for curbing.
- Lightweight and foldable handles means easy lifting, hauling and storage.
- Two-year warranty.
