Setting You Up for Success

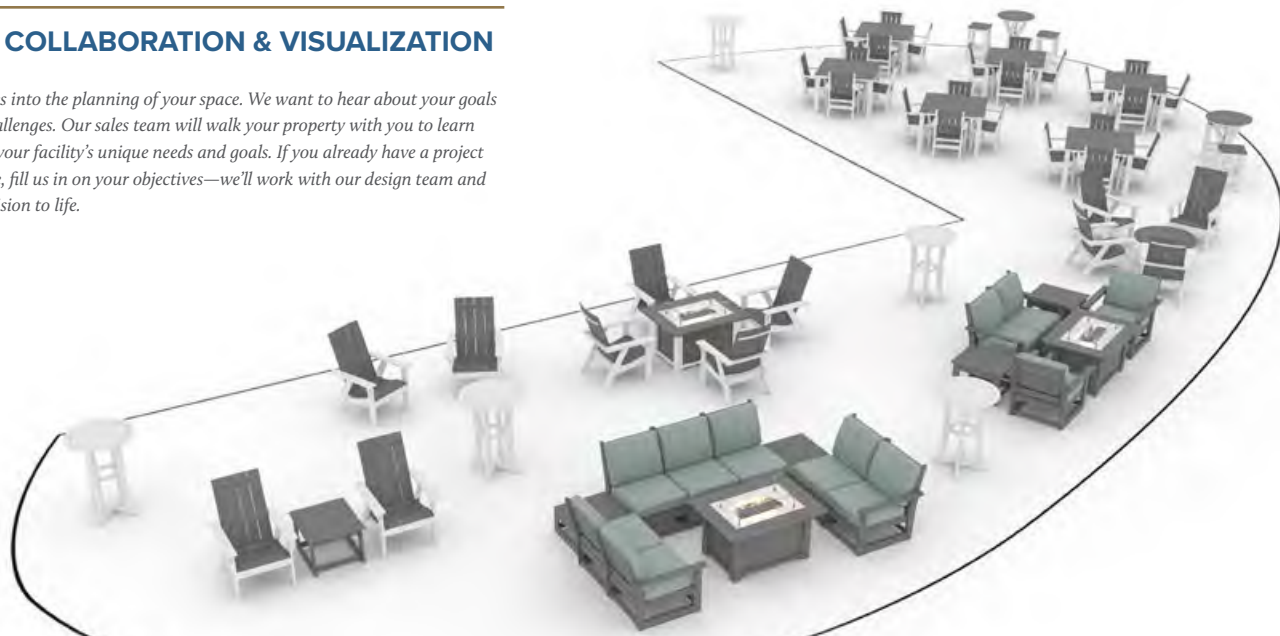

DRIVING YOUR VISION

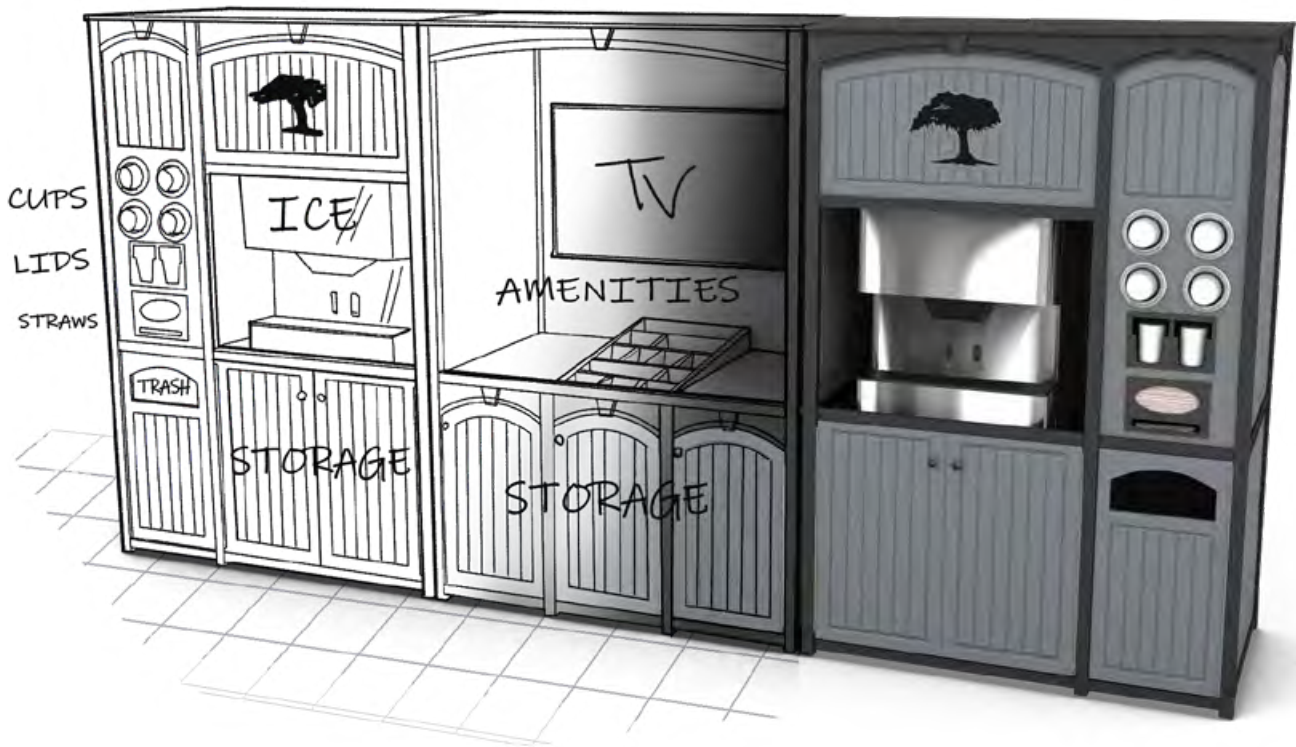

CONSULTATIVE PROCESS

Our team has years of experience in the industry. Whether you're looking to outfit your bag drop, clubhouse entrance, on-course or practice facility, we'll work with you to develop solutions and plans unique to your program that will fit aesthetically and sing operationally.

SPACE COLLABORATION & VISUALIZATION

So much goes into the planning of your space. We want to hear about your goals and your challenges. Our sales team will walk your property with you to learn more about your facility's unique needs and goals. If you already have a project plan in place, fill us in on your objectives—we'll work with our design team and bring your vision to life.

DESIGN FLEXIBILITY

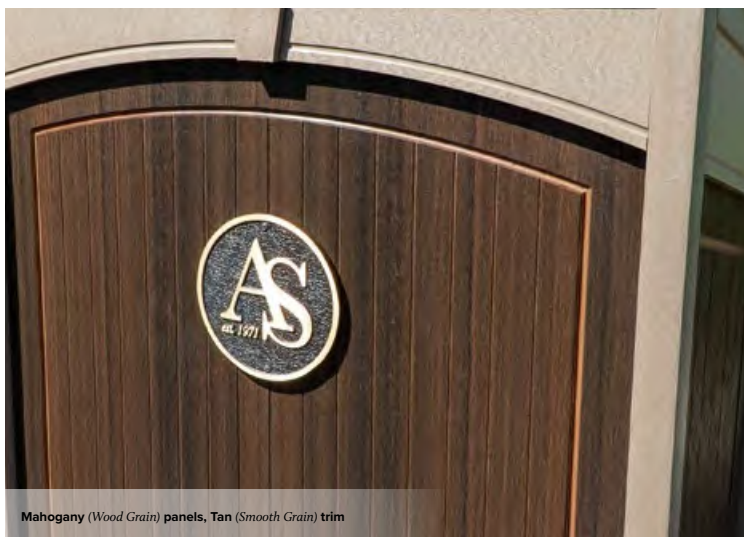

Like a fitted set of clubs, we tailor each piece to your space, level of service, and brand. We understand that a one-size-fits-all solution doesn't work for everyone, which is why we make collaborating an enjoyable process. Tell us your ideas and let's partner together to discover the possibilities.

ALL-NEW COLLAPSIBLE BAR
A Re-imagined Mobile Bar Solution

Looking to generate additional revenue? Our Collapsible Bar is made from our recycled plastic lumber—perfect to wheel out on occasions when the clubhouse patio or pool area are at their busiest—and easily, neatly storing away when the party subsides.

Features Include: Ample counter space, casters, ice tray/rinse tub, shelving storage, and a speed rail for bottles

SIMULATION STATION

Who says golf season has to end? With indoor simulators all the rage, this custom fixture allows professionals to instruct players on perfecting their swing.

MODIFIED BAG STAND

Taking our basic folding bag stand design with a tripod aesthetic. Includes the same tailored deluxe top design with cup holder, alignment stick holder, and key placement.

CUSTOM SHOWCASE

The Forefront of New Ideas

As the original innovator of golf property furnishings, we thrive on bringing new ideas to the industry. We love listening to what's working, what's not, and why. What doesn't exist today that should tomorrow? What new products would you be interested in? Here are some of the recent innovations we're proud of.

CUSTOM BEVERAGE STATIONS

Featuring an enclosure for a Hoshizaki Ice/Water Dispenser along with bins for waste and recycling with specialized shelving and storage for other amenities.

MODIFIED LARGE PODIUM

With casters for portability, this podium has all the bells and whistles—including a top-load waste bin, a central towel shelf with framed door, and several drawers for scorecards and other items to keep them out of sight.

Bag Drop

FIRST IMPRESSIONS SET THE TONE

Consistency has inherent value. Emphasize from the very beginning that your property's level of service and amenities is unparalleled. Members will keep coming back because they won't forget about the experience you deliver—they'll anticipate it, too.

MCLEMORE CLUB

“Prestwick is a company that stands firm on its core values and will go above and beyond to deliver the best product possible. Our facility just underwent a huge multi million-dollar renovation. We knew in order to reset the precedence at our facility upon opening, we needed to provide a look and a product that stood out from everyone else. Not only did Prestwick deliver on providing the best looking product, their customer service and care is without a doubt unmatched to anything I have ever experienced. Prestwick has made such a lasting impression on me personally; I will continue to use Prestwick product no matter where my career takes me.”

INTERLACHEN COUNTRY CLUB

“With our club’s history and sense of tradition, we wanted something to fit with that aesthetically. Prestwick’s Birkdale furnishings offered that look in a resilient, weather-tolerant material. We did a number of items for the practice facility and are working on two custom beverage/amenity stations for outside our bag room and lockers. Communication has been great on working through the details and we’re excited to provide guests with all these amenities in a flush, neat area. All in all, they’ve been a real pleasure to work with.”

► CONFIGURATIONS

DOUBLE & TRIPLE STREAMS

Double and Triple Configurations are available, depending on the streams your recycling program collects.

MULTIPLE BIN CAPACITIES

Choose a capacity that supports the appropriate volume of traffic and compliments your facility's service schedule. Available in 10, 20, 32, 40, and 55 gallon capacities.

PERMANENT OR PORTABLE

Prevent theft and reduce damage during inclement weather with our permanent mount configuration.

DOOR OPTION

Add a side door to your round waste & recycle bin for easy access to liners.

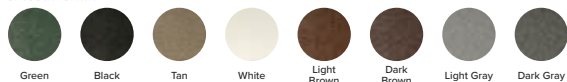

SPLIT STREAM & RESTRICTIVE OPENINGS

When space is an issue or stream size is small, utilize a split configuration to collect two waste streams in a single footprint. Restrictive openings allow users to easily identify waste streams and help to prevent cross contamination.

COOLER BOXES

INDEX - BEVERAGE SOLUTIONS

IMPROVED LID DESIGN
To ensure your cooler box stands up to daily demands, we've redesigned the lid for improved structural integrity and heavy use.

We've put a lot of thought into our Cooler Box – so you won't have to.

THINKING INSIDE THE BOX

Our new Cooler Box has a lot to offer. Constructed with a liner molded from plastic, this product exemplifies our rigid standards in research and engineering. Each liner allows for easy cleaning and removal of ice, while the secure seal on the lid guarantees refreshments to stay cool for days at a time.

CUSTOM-MOLDED LINERS ► ADVANTAGE PRESTWICK

How a liner molded from plastic can give us a significant edge over what competitors offer:

- ▶ **Anti-Bacterial:** Each liner contains a special additive applied directly to the plastic that prevents bacteria growth.
- ▶ **Stain-Resistant:** Wipe up spills with ease; stains won't stick around.
- ▶ **Mold & Mildew Free:** Similar to our own Forever-nu™ Lumber, this plastic prevents mold and mildew from growing on the liner.
- ▶ **No Transferred Chemicals:** Unlike other plastics, this liner's chemical composition will not leech into any stored food or ice.

► **TOWELS, DRINKS, SNACKS**

Cooler boxes can offer a variety of refreshments at the bag drop, at the turn or even each hole.

With subtle contours and arches, the Highlands Collection will grace the landscape without taking away from it. Classic panels and a variety of color combinations are sure to strike a chord with both professionals and general managers alike.

Best of the Best

OUR MATERIALS

THE DIFFERENCE IS IN THE DETAILS

We use only the best, 95% HDPE - the purest grade of recycled plastic available to the industry. Free of fillers and derivatives to ensure strength and longevity, the only additives you'll find in our material are UV inhibitors to prevent fading and colorants to ensure your furniture stays vibrant for years.

LOW GRADE HDPE

Anything below a certain grade will not yield the best results, with visible pores on end cuts affecting both appearance and integrity.

95% PURE GRADE HDPE

Prestwick uses only the finest grade recycled plastic to ensure a 100% solid material when machining and crafting for a continuous smooth appearance.

Benefits of Forever-Nu™ Recycled Plastic

ECO-FRIENDLY

ALL WEATHER

NO FADING

NO TOUCH-UPS

RECYCLED MATERIAL

INVEST ONCE

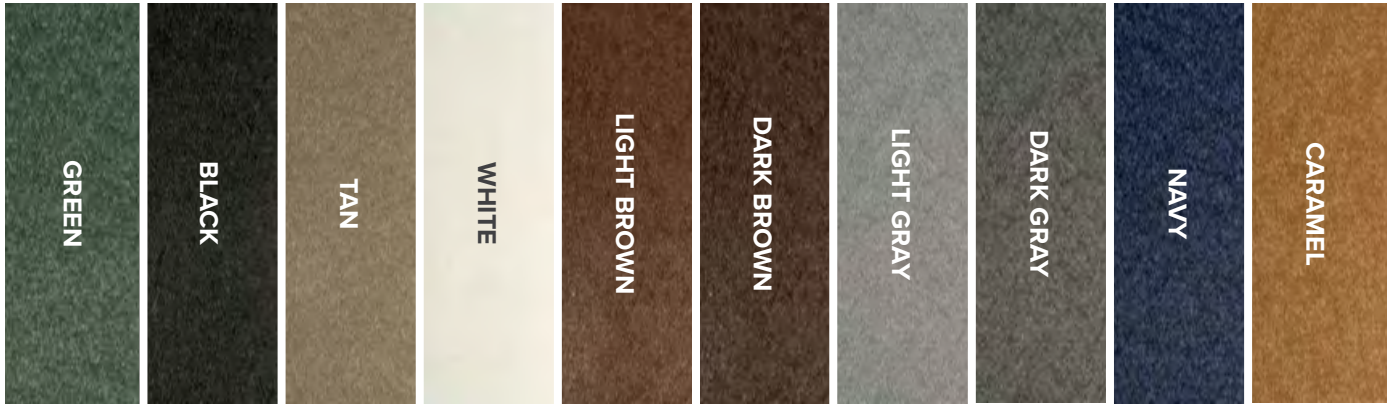

We give recycled plastic a good name.

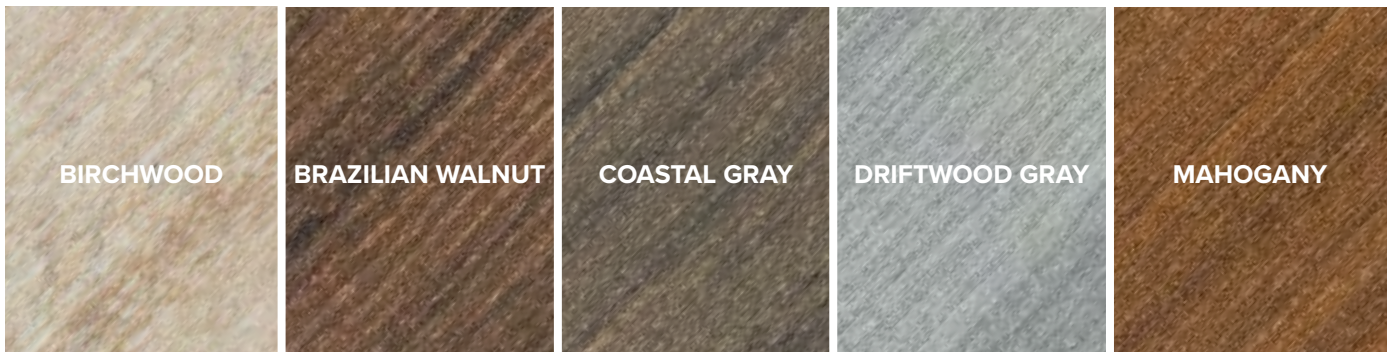

FOREVER-NU™ RECYCLED PLASTIC

Forever-nu™ is our alternative to wood. This maintenance free recycled plastic is made from 95% pure HDPE. Unlike composites, there are no fillers, making it naturally resistant to rot, rust, decay and insects. UV inhibitors added to the material ensures that they maintain their color for years. Choose from 100 color combinations to match your facility's aesthetic needs.

SMOOTH GRAIN PLASTIC

WOOD GRAIN PLASTIC

The warmth & character of real wood.

SOLID IPE HARDWOOD

Ipe is an exotic hardwood with a fine texture, reddish brown color and lots of character. It's also highly insect resistant and over twice as hard as Hickory. An aesthetic V-groove is formed at each adjoining board of our hardwood furnishings adding a look of depth as well as longevity in the elements.

“

I have been dealing with the Prestwick Golf Group for over a dozen years, while being the Director of Golf / Head Golf Professional at multiple “Top 100” clubs. Their product is not only industry leading, but a classy look for any type of facility looking to enhance their brand or consistency throughout the property.

Prestwick Golf is the unanimous selection by all departments at the Club.

Their sales team is a pleasure to deal with, and no matter if the order is big or small, their attention to detail and follow through is simply impressive. With all of the details handled by Prestwick, receiving shipments into Canada was seamless, making the experience that much more enjoyable.

I would strongly encourage and recommend Prestwick Golf Group to help outfit your “look” on property.
